Conclusion: We believe that hosting these meetups will be a significant step towards promoting privacy and blockchain technology in Kuwait. We are excited about the opportunity to collaborate with Algonquin University Kuwait on this initiative.

Looking forward to your positive response. Please feel free to reach out with any questions or further details you may require.

Team:

I am Ali Baazighah, a dedicated student at Algonquin College University Kuwait. My passion lies in technology, and I've been closely following the developments in the realm of privacy-centric cryptocurrencies. With a keen interest in projects like Zcash and others, I am eager to delve deeper into the world of privacy-enhancing technologies., i will also wish to use this grant to also prove my self in preparation for bigger grants fro zcg to solve some challenges in the gulf region
